Risk Appetite
& the Board

Risk Appetite & the Board

Is the board consciously accepting more risk, or is management clearing friction out of the way?

In one word, how would you describe your board's current risk appetite?

Local Empowerment vs. Enterprise Exposure

Decentralizing for speed,
without exposing the brand.

Does your organization have a formal process for deciding which risk decisions are made locally vs. centrally?

Resilience as a Board-Level Discipline

Planning to withstand disruption, not prevent it.

AI, Automation & the Generational Tech Gap

Where boards struggle to see the risk, and where the C-suite sees opportunity.

Does your board have at least one director with deep technology or AI expertise?
