How Agentforce and Data 360 Credits Work

Credits are consumption-based. Tap into your included credit allocation only when AI or data services are used. Usage scales with activity – not users – and credits can be added as needed.

- **Agentforce credits** are consumed when AI workflows run and insights are generated.
- **Data 360 credits** are used for AI-ready data storage that supports Agentforce capabilities.

Why Buy Agentforce for Riskonnect?

- Immediate ROI from prebuilt AI use cases
- Reduced AI governance burden with Salesforce platform + Riskonnect guardrails
- AI capabilities that expand over time – without starting over
- Future-proof protection since many of the Riskonnect Agents run on a common foundation
