Keep Track of Everything from One Place

Is there a disconnect between your overall business strategy and the execution? Riskonnect's Business Strategy software brings together all strategy-related information into one platform to keep everything connected and moving forward.

- Visualize your end-to-end strategic plan from high-level goals to low-level actions.
- Break down complex actions into smaller tasks and assign responsibilities.
- Monitor progress against targets.

Integrate Strategic Planning with Risk Management

When does a risk become a strategic opportunity? Riskonnect's Business Strategy software empowers you to take calculated risks when it makes sense in terms of your broader goals.

- Create a strategic risk register, monitor exposure, and set up controls to mitigate risks and identify opportunities.
- Drill down into details to investigate metrics or actions that may be off track.
- Monitor KPIs as evidence of effectiveness.

Communicate Effortlessly to Leaders

Do you have evidence that your strategic plan is delivering on expectations? Riskonnect's Business Strategy software provides important evidence of strategy effectiveness to help the C-suite and boards quickly understand if adjustments are necessary.

- Easily create reports with key actions and metrics most relevant to leaders.
- Build scorecards that show an aggregated view of strategic performance, priorities, and current position.
- Gather executive feedback and approvals to stay on track.
