Integrated Risk Management Solutions™

Riskonnect's implementation options deliver faster time-to-value.

Ready, Set, *GoLive!*
Riskonnect GoLive! offers three industry-leading implementation options designed to achieve your business objectives as quickly as possible.

With hundreds of successful implementations completed each year, our team has the experience to recommend the best path to success for organizations of your size and in your industry. Our goal is to reduce risk, drive quality, and ensure adoption for long-term success.

From initial kickoff to go live and beyond, we are dedicated to ensuring your implementation process goes smoothly.

> *Creating an atmosphere where people feel they can communicate, where they won't get shut down, and where they have input into the process throughout is critical to user adoption — and a successful implementation.*

Tailored

Riskonnect's Tailored approach builds on years of implementation success to configure a solution specifically around your own integrated risk management needs. We apply our established methodology to align your business requirements and use-case sessions with the Riskonnect platform, so you can fully capitalize on the flexibility and functionality of Riskonnect products.

The Tailored approach:

- Allows you to specify your own business requirements.
- Executes a clear four-stage methodology with objectives, activities, deliverables, and exit criteria specified at each stage.
- Ensures that the configured solution maximizes the value to your organization.

Implementation Configured for Your Success
