

ENTERPRISE RISK MANAGEMENT

HOW AT RISK IS YOUR ORGANIZATION?

Healthcare systems today are under tremendous pressure to get it right every single time. You must be able to immediately grasp all of your current risks, anticipate what's around the corner, and understand what it means to the organization. And there's no room for error.

SEE ALL OF YOUR RISKS – AND OPPORTUNITIES

Riskconnect's Enterprise Risk Management software for healthcare organizations helps you anticipate, assess, mitigate, and monitor every form of risk from every corner of the organization. The software brings together all risk-related data into one place for a complete view of your risks, how they relate, and the cumulative impact on the organization.

Integrate traditional, insurable risk with strategic and operational risk.

Understand how risks are interrelated.

Act quickly, decisively – and accurately – to mitigate, avoid, or take advantage of each risk.

ENTERPRISE RISK MANAGEMENT FOR HEALTHCARE ORGANIZATIONS

ELIMINATES SURPRISES

- Consolidates all risk-related information in one, easily accessible place.
- Tracks the status of risk assessments and notes changes to key indicators.
- Maps risks to visually show how they interrelate.

PRIORITIZES ACTIONS

- Streamlines workflows, which frees up time for more strategic tasks.
- Shows the magnitude of each risk so you can focus your response.
- Sends automatic alerts when a risk indicator has crossed the threshold of acceptability.

PROMOTES A RISK-AWARE CULTURE

- Empowers healthcare administrators to make effective decisions about risk and opportunity.
- Involves people at all levels and functions – and assigns responsibility and accountability for identifying and managing risk in everyday work.
- Establishes a common risk language throughout the organization.
- Includes a range of prebuilt reports – which can be easily customized with a drag-and-drop report builder.
- Automatically sends alerts and reports to keep stakeholders informed and involved.
