Integrated Risk Management Solutions™

COMPLIANCE

DO YOU HAVE WHAT IT TAKES TO EFFICIENTLY MANAGE COMPLIANCE?

A strong compliance program can encourage employees to act with integrity, enhance your reputation with patients, and deter costly fines. Yet successfully navigating the complex rules, requirements, and reporting for healthcare organizations is a big job. And the consequences for noncompliance are steep.

SIMPLIFY HEALTHCARE COMPLIANCE

Riskonnect's Healthcare Compliance software aggregates all corporate and legal policies, procedures, and requirements from across the organization into one centralized location to reduce the risk of noncompliance. The easy-to-use software tracks, manages, and documents all compliance-related activity for a comprehensive, real-time view of your risk.

Ensure continuous compliance with legal policies, procedures, and requirements.

Communicate effortlessly across departments, functions, and locations.

Automate assessments and documentation for HIPAA compliance and more.

COMPLIANCE FOR HEALTHCARE ORGANIZATIONS

STREAMLINES THE COMPLIANCE PROCESS

- Aligns internal policies and external regulations and eliminates redundancies.

- Imports, uploads, and merges existing compliance and control hierarchies.

- Automates workflows, assessments, control testing, and remediation assignments.

- Maps assessments to overlapping controls and leverages a single assessment across multiple mandates.

- Attaches relevant documents and files to the record at any stage of the process.

COMMUNICATES HOLISTICALLY

- Provides real-time insights with intuitive dashboards and point-and-click reporting.

- Links existing assets, processes, procedures, and associated risks to appropriate regulations.

- Supports user collaboration across departments, functional areas, and locations.

FACILITATES COMPLIANCE

- Automates HIPAA risk assessments and affected-party notification processes.

- Documents actions at every step to demonstrate compliance.

- Streamlines required notifications with customizable and editable templates.
