INSURABLE RISK

Risk Management Information System

Riskonnect's RMIS gives you the data, analytics, and insight to turn risk into a strategic advantage.

Focus your time where you can make a difference. Spend less time chasing down data and more time analyzing what it means.

Communicate effortlessly from the frontlines to the C-suite. Break down silos and seamlessly share always up-to-date risk data across the organization.

Make confident decisions boosted with Intelligent Risk. Generate actionable insights using Riskonnect's AI-powered risk-decision engine.

> *Riskonnect has allowed us to embark on actions we've never had clarity on before. If no action is coming out of the data, what's the point.*

Reduce Costs AND Increase Profitability

Feeling the pressure to correctly anticipate what's ahead – in less time with fewer resources? Riskonnect's RMIS system seamlessly integrates people, systems, and data to help you make more informed decisions about risk. Your costs go down and profitability goes up.

- Consolidate real-time risk data from multiple internal and external sources to identify trends, emerging risks, and opportunities.
- Understand the relationships between critical risks and the impact onthe organization.
- Seamlessly integrate data from carriers, TPAs, third-party vendors, and internal departments into one source of truth.
- Gain strategic insights to optimize your insurance program.
- Identify cost-savings opportunities that previously may have gone unnoticed.

Find Instant Relief from Daily Pain Points

If you're stuck tracking down information with endless back-and-forth emails, when are you supposed to figure out what it all means? Riskonnect's RMIS system streamlines and automates routine processes so you can say goodbye to boring repetitive tasks and hello to delivering human-worthy insights from data you trust.

- Save time and money by streamlining and automating processes.
- Capture data consistently and thoroughly with standard templates, intuitive forms, and auto-filled fields.
- Minimize human error by guiding users through the data-collection process.
- Eliminate duplicate data entry by automatically uploading and extracting information from ACORD forms.
- Send alerts, reminders, and progress reports automatically.
- Communicate seamlessly using SMS text, WhatsApp, and other channels.

Make Smarter Decisions Faster

Can you deliver the level of risk insight demanded by the C-suite? Riskonnect's RMIS system gives you unprecedented insight into your risks and their relationships so you can quickly and confidently decide what to do.

- Improve communication about risks across departments and with the C-suite.
- Create easy-to-interpret reports that communicate a clear picture of your risks.
- Instantly summarize complex, lengthy claims documents.
- Generate actionable insights using embedded AI-powered predictive analytics models.

Start anywhere. Expand everywhere.

Riskonnect is the leading provider of software that brings risk under one roof. The technology empowers organizations to anticipate, manage, and respond in real time to strategic and operational risks across the extended enterprise.

More than 2,700 customers across six continents partner with Riskonnect to gain previously unattainable insights that deliver better business outcomes. Riskonnect has more than 1,500 risk management experts in the Americas, Europe, and Asia-Pacific.
