

What's New in Riskconnect RMIS

Riskconnect is committed to continually upgrading and enhancing our technology based upon what we hear from you. These latest updates incorporate over 300 customer suggestions – accounting for 80% of its new capabilities.

Powering Results with the Latest Innovations In Riskconnect RMIS

Intake Digital Experience

Enhance user experience with a streamlined and more efficient digital intake process, including the ability to capture a sketch of what happened in an accident or event.

OCR for Certificates of Insurance (COI)

Reduce time for entry and increase certificate management accuracy by enabling users to automatically upload scanned ACORD forms with AI assistance.

Claims Notes Summarization

Increase user productivity by instantly summarizing complex and lengthy claims documents with one click.

Renewal Portal Spreadsheet Import/Export Option

Improve data quality with the ability to sort spreadsheet data during the import/export process.

Text Messaging Expansion

Enrich customer experience with the ability to send and receive text messages, including WhatsApp support and automated alerts.

Reporting Upgrades

Leverage updated reporting features with the ability to view and filter data with a Point-in-Time option.

Regulatory Compliance Updates

Employ updates to support OSHA 300/301 e-submissions, FROI/SROI reporting changes, and other mandate changes.
